- **Access to other UM Career Services**
- **Landscape Architecture Job Shadowing Program**

SNRE CAREER SERVICES PROGRAM HIGHLIGHT

SNRE LANDSCAPE ARCHITECTURE JOB SHADOWING PROGRAM

The Landscape Architecture Program at the University of Michigan provides a valuable link between classroom/ studio learning and the world of design practice by helping students gain experience. We sponsor a one-week unpaid “internship” during spring break for students interested in learning more about the practice of landscape architecture.

**Comment from Student Participant in SNRE’s Landscape Architecture
Spring Break Job Shadowing Program**

“It was a really good immersion experience for a short period which gave me a great sense of the daily work life in a large firm. A highly concentrated dose of reality. I highly recommend it.”

--Alicia LaValle, MLA Student, who spent her Spring Break shadowing a professional Landscape Architect at EDAW in San Francisco.
